

“An Effective Leader: Critical Communication Skills Workshop”

About the Program

The success of the business rests upon communication. As you go up the ladder you need to build communication skills which get the work done as well as build lasting relationships.

Apart from the business requirements, communication skills are also important for people to make healthy relationships with their office counterparts. If the internal environment of an organization is healthy, it benefits both, the employees and the organization itself.

Who is it for?

Leaders and Managers- work experience: 10 to 20 years.
